ATA Behind the Scenes

Jerry Husak

In 1944 at the age of twelve, I was first exposed to a public stamp exhibition and convention of national scope in Milwaukee. Having collected stamps for only a short period of time prior to this exhibition, I was really impressed and determined some day to play a role myself in the hobby. My parents gave me more than the usual encouragement fully realizing the wonderful educational potentials of stamp collecting.

As time passed, I realized, as so many other collectors do, that it is impossible to collect the world at large. Topical collecting won my favor. I tried to find out all I could about it. There were few published works on various phases, but not sufficient to satisfy my hunger for knowledge. I joined several national societies, but didn't find too much. At the time, topical collecting was not as generally recognized in philately as it is today.

"There must be others like myself," I mused, "that are looking for guidance in forming a topical collection. Why don't we get together and share our information through a united body of topical collectors?" Thus was horn the idea of the formation of the American Topical Association in 1949.

Since I was only seventeen at the time, the idea at 11rst received but luke-warm reception from my parents [Gertrude and Lawrence Husak]. They felt such an organization would take too much time away from my studies, physical exercise, sports, and other high school recreation activities. But when they saw my determination and enthusiasm, they promptly came to my aid with help in many forms. which continued over the years.

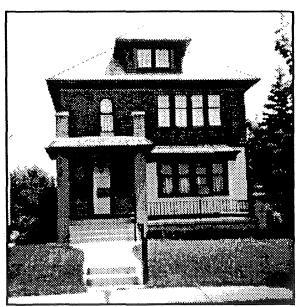

In my five years (1944 to 1949) in philately. I developed correspondence with a number of other collectors and 11gured that further contacts could be made through announcements in the philatelic press. "Who knows, perhaps through the formation of ATA, as many as 200 topical collectors might come together for mutual aid and exchange of information, ideas and stamps."

The early days were not easy. Many people had to be convinced that topicals deserve a place in philately. Gradually through hard work and promotion. more and more collectors realized the merits of topical collecting. One of the most convincing tools was the publication of *Topical Time*, where members could share with their fellows topical stamp

This is a reprint of an article by Jerry Husak, ATA #1, appearing in the November-December 1959 issue of Topical Time. It was prefaced with the following explanation: "We have always been ultra conservative about using space in Topical Time for personal matters or to talk about ourselves and our problems, but we hope you will excuse this breach of our editorial policy as the following insic<: story of ATA and its background is partic-ularly 11tting for publication now at the close of 10th anniversary year." Only minor revisions have been made so that the article now commemorates ATA's 50th anniversary.

information by way of articles, checklists, and columns.

Many hundreds of members aided other members in this way, to say nothing of the fine contributions to topical philately which have been made by ATA officers, committee chairs, Chapter and Unit leaders, and members who have worked splendidly together for the cause of topical philately. To all of them I say "Thank You!" For fear of slighting anyone and because of the length of the list, I will not specitlcally name those who deserve great credit for having rendered an invaluable service to their fellow topicalists by participating in ATA activities.

Birthplace of ATA and 1949-1955 Office 3306 North 50th Street in Milwaukee

I first worked at home in my bedroom on a part-time basis, with ATA gradually consuming more and more of my time as my parents had so wisely anticipated. I had to give up most social activities and sports, and devote most of my time to ATA and schooling, the former generally taking more time than the latter, much to the consternation of my parents. They issued an ultimatum. Either I maintain good grades in school or I quit ATA activities. With this over my head, I had no choice for I would not give up the joyous work in ATA. It was my life, my chief interest, my everything! With the patience and understanding of my parents, both with physical, mental, and financial aid along with continuous encouragement once they knew this was not a youthful whim but a real ambition. I managed with the help of other ATA officers and workers to carry on the good work and still graduate with a 91 average from high school and with cum laude honors from college.

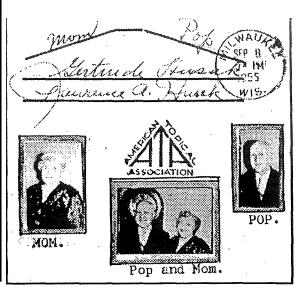

Dad helped nourish the ATA "baby" in its infancy and spent over \$3,500 of his money to help promote ATA through its lean years; he also donated a great deal of his time and that of his private secretary-all with no expectation of repayment or remuneration, except to see the joy of my progress with ATA.

I converted my bedroom into an office. From 1949 to 1955, I used as a typing-table a child's desk which I had already outgrown, and a chair which left much to be desired posture-wise. With a chronic back ailment, I wonder how I could have actually worked in this manner for five years. As space was limited, I used an old bookcase to house supplies and ATA publications.

The addressing machine was high atop my dresser which I operated by standing on a low stool, since there wasn't room for more furniture. Work in process was laid out on the bed during the day as a temporary table only to be cleared off each night before retiring.

Exceptionally large mailings, such as solicitations for membership and the mailing of *Topical Time* and topical handbooks, had to be handled on the large dining room table, sometimes with all three boards inserted in it. Good-natured Mother tolerated this for reasonable periods, but I must admit there were many times that ATA mailings took precedence over the next meeting of Mother's various women's clubs at our house. Mom and Pop always pitched in to get the mailings out.

As time went on, space in my bedroom disappeared. I had to put surplus quantities of envelopes, back issues of *Topical Time*, and topical handbooks in the attic, dragging these heavy boxes up to the third floor. This, plus a back injury received at a stamp show from an

Gertrude and Lawrence Husak Photos and Autographs on a 1955 Cachet

accident while carrying a heavy load of publications to the ATA booth, caused a permanent back condition requiring monthly medical attention.

Not only was space at a premium, so was time. ATA was consuming more than a normal work week, even while I was in college; this put quite a strain on my physical endurance. With relief and gladness in the thought that ATA would be my full time work henceforth, I graduated Bachelor of Science in business administration in 1954. To serve ATA better with more advanced management knowledge, I continued my schooling on a limited part-time basis one or two nights a week taking a long four years to receive the degree of Master of Business Administration in 1958.

From 1954 onwards, I had more time .to devote to the improvement of ATA services and publications both in quantity and quality. Soon, time was almost as limited as before as I took on more responsibility. I never was satisfied with what ATA had to offer, and I WaS always looking for new ways to help topical collectors and make topical collecting a more enjoyable and educational way to collect.

By 1955, ATA virtually burst out of our home at 3306 North 50th Street, and I looked for an inexpensive office. Dad, who had long advised me on major ATA policies, frowned on the idea, believing that it would cost ATA too much. Up to then I agreed for the most part, wholly or in p rt, with my fat er's .sage advice drawn on h1s 35 years of busmess experience; but this time, by necessity, I had to go against his wishes. Despite this move, which proved beneficial to ATA in the long run, I am deeply indebted to him for the continued iessons in frugaiity and use funds, which he taught me over the years.

When I set out to find an office, I soon found how right Pa was. Desirable offices were at a premium far beyond ATA's pocketbook. Finally by agreeing to answer a lawyer's phone as a free service, 1 secured for ATA a 12' x 18' office adjoining the lawyer's office for a very reasonable sum. It was located at 1602 West Wells Street in Milwaukee. The office permitted me to provide more efficient management of the Association. The additional space made it possible to get more work done quicker and provided additional storage space for forms and supplies. This also allowed for greater "shopping around" to obtain the lowest possible prices for printing and other office supplies in large quantities which was not possible with the limited storage facilities at home.

Three weeks after occupying the office in 1955, tragedy struck. There was a serious tire in the basement and on the first floor of the office building. On the second floor, where the ATA office was located, there was only smoke damage, but it created havoc, and extremely unpleasant working conditions in the hot stuffy summer weather to which was added unpleasant burnt odors. Unfortunately, it took nearly three months to complete repairs on the building, but fortunately, not all the ATA publications and oflice supplies had been moved from home, and the smoke damage loss was covered by insurance which had been obtained just three weeks before the fire.

Now that I wasn't working at home anymore, Mother would come down about once a week to help out with mailings and filing and general office work. Father continued to advise and one of his friends in the furniture business loaned me all the original ATA office furniture. I really needed a full-time secretary, but felt ATA couldn't afford it yet.

For mimeographing, we still used a rebuilt machine which Dad bought as a gift for me in 1949. Our adding machine was about40 years old bought at a receivership sale along with some other small office equipment "for a song." We also used a 35-year-old typewriter owned by my Father's business. Gradually as funds permitted, new equipment was added for eflicient handling of ATA affairs, but caution in expenditure is the keynote of ATA's success, along with a minimum of red-tape coupled with lots of action.

Near the close of 1955 with ATA work ever increasing, I met Sally Vogel in the hall of the office building. She was at that time employed by another tirm in the building; she was dissat isfied with her position and was seeking employment elsewhere. As we grew to know each other over the months, she realized how badly I needed assistance, but I

Jerry and Sally Husak One Year After Their Marriage. This Photograph Was Taken at the 1957 ATA TOPEX in Chicago

made it clear that ATA could not afford any secretarial services at the going rate of pay.

Becoming interested in ATA and topical st: mp collecting as I described it to her, Sally offered to relinquish her position and work for ATA for a short period of time at onethird her previous salary untiJ she found suitable employment elsewhere. I accepted her offer, and found that her experience and efficiency in the handling of general office work relieved me of many routine operations. I had more time for writing, editing, promoting new ideas and services, handbooks, and general management of ATA. Together we worked as a team.

I dreaded the day that she should leave for another job. Fortunately, as fate will have it, that day never came. In the latter half of 1956, Sally became Mrs. Jerry Husak.

After Sally's arrival, ATA continued to grow. Work expanded until at times the both of us could not handle it. Mother and Father Vogel [Sally's parents] had since joined my parents with "home work" consisting of folding, stuffing, and mailing thousands of various types of membership solicitation letters each year. ATA owes much to the devoted voluntary service of our four parents in expanding the membership and services of the Association.

ATA has been a lot of sweat and blood, a lot of sacrifices "beyond the call of duty," but above all ATA has been and continues to be a joy, a pleasant work with pleasant people. Our biggest satisfaction came from helping others, gathering and disseminating information on topical stamp collecting, and the fulfillment of our 1949 aims — the mutual cooperation among members for the betterment of all.

ATA Charter Members

Memories of survtvmg ATA Charter Members as obtained through direct communications by your editor are reproduced here as a tribute to ATA's earliest members. Initially only the first 200 ATA members were considered as "Charter Members," but subsequently this distinction was granted to the first 1,000 members. Here then are memories of those Charter Members with whom we have been able to establish direct communications.

Gene Babcock (ATA #135)

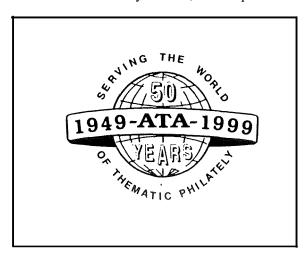

"My topic was ships on stamps, but I am now nearly blind and can no longer enjoy stamp collecting. However, I have many happy memories of my association with ATA." [Editor's Note: Gene Babcock's mailing address is 332 West Mosely Street, Freeport, IL 61032.]

Leon Berman (#28, LM#622)

[Mrs. Christine Berman advises that Leon is hospitalized and his health does not permit him to discuss with us his early years as an ATA member. However, Mrs. Berman tells us that her husband's health has not permitted him to collect stamps for at least five years. Mary Ann Owens informs us that Leon was collecting elephants on stamps when she started her collection, and she communicated with him until his health did not permit him to answer letters. The Berman's live at 14470 Labelle, Oak Park, Ml 48237.]

Dr. Archibald C. Cohen (ATA #956, LM #7)

"As a physician with the Veterans Administration in Butler, Pennsylvania, I began collecting medicine and Judaica on stamps. I found my membership in ATA and in the ATA Medical Subjects Unit very helpful by providing biographical data on physicians. I am now 90 years old, and disposed of

my stamp collection some years ago. However, I still enjoy reading *Topical Time*." [Editor's Note: Dr. Archibald Cohen's mailing address is 5100 N.E. 2nd Avenue, Apt. 402, Miami, FL 33137.]

Mrs. Evelyn Conrow (ATA #778)

"I remember having exhibited "Horses and Those They Served" at the 1953 ATA convention held at the National Philatelic Museum in Philadelphia. 1 then began to specialize on stamps depicting Princess Elizabeth before she became Queen, and stamps associated with Abraham Lincoln. I still enjoy reading *Topical Time* which seems to get better all the time." [Editor's Note: Evelyn Conrow's mailing address is 4 Clinton Street, Sidney, NY 13838.]

Wallace C. Corey (ATA #187, LM #18)

"As an architect, I started collecting stamps picturing historical buildings and monuments, and I still maintain this collection. I especially like the recent U.S. postal cards depicting various historic buildings. Over the years, I have obtained a great deal of useful information on my topic from ATA. I also have an extensive library on the history of Virginia City, Nevada, and I have a large lapel pin collection from all over the world." [Editor's Note: When Wallace Corey joined ATA, he was a resident of Taunton, Massachusetts. His current mailing address is 2331 Grissley Road, Reno, NV 89511.]

Edward J. Davis, Jr. (ATA #577)

"Jerry Husak published a poem that I had written in the November-December 1950 issue of Topical Time. Then I authored my first article which appeared in the January-February 1952 issue of *Topical Time*. It was entitled "Writers on Stamps," and I explained, "as a student of journalism, I chose this as my theme. After many months, I had acquired 56 stamps which featured novelists, journalists, poets, and dramatists, all of which I mounted on pages designed by myself with a detailed write-up of each personage.." Later I coauthored an article with Clare McAlister which included a country by country checklist of writers on stamps. It appeared in the January-February 1954 issue." [Editor's Note: Edward Davis subsequently received the Lidman Gold Award for Philatelic Writing, and he still writes a stamp column for his local newspaper, but he is unable to altend NTSS-99. His mailing address is 847 Old Main Road, Tiverton, Rl 02878.1

Mrs. Catherine (Caspary) Fechner (ATA #131, LM #131)

"My memories as national secretary of ATA, as the first secretary of the ATA Americana Unit, and as the first editor of the Sports Unit periodical are many and varied. But I especially recall the wonderful fellowship which I enjoyed at ATA conventions. I had the pleasure of frequently rooming with Marge Hackelt where we held informal parties; I recall that Marge was concerned that the maids would report our activities to the management when they found the empty bourbon bottles. I also remember that Jerry Husak brought a supply of Wisconsin cheese for everyone to enjoy at the 1953 ATA convention in Philadelphia, but I didn't like cheese; Jerry was upbeat about it all, and he was always a real gentleman. My husband and I continued to attend ATA conventions for a few years after our marriage in 1967. I hope to be able to attend the ATA 50th anniversary convention in Milwaukee." [Editor's Note: Mrs. Catherine Fechner's mailing address is 411 Poplar Avenue, Maywood, NJ 07607.]

Dr. Allan Hauck (ATA #457)

"When I joined ATA, topical collecting was a kind of philatelic heterodoxy, which over the years has come to be considered orthodox. As a young professor of religion, my topic was "religion." Fifty years ago, such comprehensive topics seemed manageable. When we moved to Wisconsin in 1968, the ATA office in Milwaukee was one of our first Badger expeditions. Shirley and I still fondly remember the warm welcome extended by Jerry and Sally. For years, Jerry saved all the International Reply Coupons sent by ATA members living abroad, and I purchased these from him. In this way, ATA also helped expand my other philatelic interest (reply coupons)." [Editor's Note: Dr. Allan Hauck is currently president of COROS, and author of the Topical Time column on topical postmarks. He plans on attending NTSS-99. His mailing address is P.O. Box 165, Somers, WI 53171.]

William C. Haynes (ATA #751)

"I met Jerry Husak while we were both attending Marquette University here in Milwaukee where we were both studying business administration. Since I was an accumulator of ship covers, he talked me into joining ATA, and I subsequently helped him stuff envelopes for ATA mailings. I later dropped my ATA membership, but when I saw Jerry at the 1997 APS show in Milwaukee, he talked me into rejoining. Topicals are a very popular hobby, and Jerry has done a fantastic job in making them even more popular. I W!H try to attend the ATA 50th birthday party here in my

home town." [Editor's William Haynes's mailing address is 1526A South 237th Street, Milwaukee, WI 53215.]

Raymond Herdt.(ATA #480, LM #74)

"I am what you might call a real railroad 'buff.' My father and other members of my family worked for railroads, which led me to start collecting model railroads in 1947 when the N-gauge first appeared. Then I joined ATA to assist me in developing a collection of trains on stamps which I still maintain. Both ATA and the ATA Casey Jones Railroad Unit have been of great assistance over the years. I am 80 years old, but I still do a great deal of traveling, usually on trains. It is possible that I will be able to attend ATA's 50th anniversary birthday party in Milwaukee." [Editor's Note: Raymond Herdt's mailing address is 3405 Susana Drive, Louisville, KY 40213.]

Jerome Husak (ATA #1 LM #40)

[See Jerry Husak's article entitled "ATA Behind the Scenes" on page 25 of this issue which was first published in the November-December 1959 issue of *Topical Time*. His mailing address is 12302 West Beechwood Drive, Sun City West, AZ 85375.]

Fred Korotkin (ATA #831, LM #144)

"Anyone who collected topical stamps was looked upon as an 'upstart' when ATA was founded. In a sense, topical collectors were trail blazers of a new, innovative idea in philately. When the Minneapolis ATA Chapter hosted TOPEX in 1960, members of other local stamp clubs raised their eyebrows, thought topicals would be a short-lived fad, and believed that TOPEX '60 would be a flop. It was a huge success and introduced other philatelists in the area to the joys of topical collecting. We succeeded because we had enthusiasm, good publicity, and showed others the possibilities and pleasures of our way of collecting. Today, topical collecting is accepted, thanks to the pioneering efforts and perseverance of topical and thematic aficionados of the past half-a-century. It's my belief that topical exhibits at stamp shows do much to attract new collectors to our hobby. Our endeavors of the past have paid off by giving stature and prestige to topical collecting." [Editor's Note: Fred Korotkin is a past president of ATA and plans on attending NTSS-99. His mailing address is 4925 Minnetonka Blvd., #512, Minneapolis, MN 55416.]

Donald W. Lewis (ATA #585)

"I joined ATA as a teenager when I started a trains on stamps collection. I also joined the ATA Casey Jones Railroad Unit soon after it started, and recall Charles J. Keenan as the founder. The Unit, one of ATA's oldest, has always been a sort of a one-man band with

long-term editors putting newsletter together and thus keeping the Unit active. The current major domo, Oliver Atchison, is the best ever, but the Unit still does not enjoy the membership participation of other Units. Other ATA &talwarts have continued to author handbooks and checklists to the benefit of us all. I always enjoy *Topical Time*." [Editor's Note: Donald Lewis dropped his membership for 5-1 0 years while he was overseas, but renewed his membership after he returned home. His mailing address is 3810 Happy Valley Road, Lafayette, CA 94549.]

Dr. Allan H. Macht (ATA #294, LM #92)

"My topic is maps on stamps, and I even purchased some map stamps from Jerry Husak many years ago. However, I am sorry that the ATA Carto-Philatelists unit has become inactive because I found their journal especially useful. I will try to attend ATA's 50th anniverary birthday party in Milwaukee." [Editor's Note: Dr. Allan Macht is a surgeon, and still practices medicine. His mailing address is 3414 Janellen Drive, Baltimore, MD 21208.]

Robert A. Montgomery (ATA #505, LM#505)

"I was collecting worldwide stamps in the late 1940s. Then I saw an ATA advertisement in one of the stamp journals and decided that topical collecting was for me. I started collecting trains on stamps, and I still maintain a topical collection. When I realized that I wanted to maintain my ATA membership, I decided that Life Membership would be a good investment. So I asked if they would give me the same Life Member number as my ATA #505; that is why both of my numbers are the same." [Editor's Note: Robert Montgomery is listed as a "New Life Member" in the September-October 1963 issue of Topical Time. He moved from Wyoming, New York, several years ago, and his new mailing address is 4138 Miller Road, Warsaw, NY 14569.]

Beverly S. Ridgely (ATA #315, LM#696)

"I started bird-watching at the age of six, and soon thereafter I was collecting birds on stamps. I joined ATA while Homer Jones was president, and I was soon communicating with Willard Stanley which eventually led to the publication of ATA Handbook #82 Birds of the World on Stamps in 1974. Following Willard Stanley's death, Gustavus Eglajs and I co-authored ATA Handbook #106 in 1982 entitled Birds of the World in Philately, and the first supplement in 1986. It may be hard to believe, but I never personally met my coauthors, or Bruce Cruikshank who authored the second supplement; however, through correspondence and occasional telephone conversations, I got to know them all very well.

Many of my correspondents still think am a woman because of my first name, was a popular boys' name when I grew up." [Editor's Note: Dr. Beverly Ridgely until his recent retirement as a professor in the Department of French Studies at Brown University in Providence, Rhode Island. His summer mailing address is P.O. Box 121, Center Sandwich, NH 03227.]

Dr. Ernest V. Smith (ATA #3)

"I have always been very proud to be ATA #3. I remember asking Jerry to enroll me as a member and assuring him that I would send him a check. Later I assisted Jerry by submitting promotional material to various magazines to recruit new members. Sorry that I can't make the Milwaukee show. I have trouble getting around; guess I'm just too old." [Editor's Note: Dr. Ernest Smith, a surgeon of Fond Du Lac, Wisconsin, was featured in a story appearing in the Milwaukee Sentinel of June II, 1961, as the proud owner of a space cover flown by and autographed by astronaut Alan B. Shepard. His mailing address is W4416 Mary Hill Park, Fond Du Lac, WI 54935.]

Alan L. Steffen (ATA #550, LM #43)

"I was collecting insects on stamps when I joined ATA, and I still maintain my collection of insects on stamps. I am especially appreciative of the assistance I have received over the years from both ATA and the ATA Biology Unit." [Editor's Note: Alan Steffen's mailing address is 303 Hickory Bend, Belleville, IL 62223.]

George May (ATA #570, LM#290)

[According to our information, George May resides at 2711 Avenue J., Brooklyn, NY 11210. However, we have not been able to obtain a telephone number for George May, and he has not responded to our several letters. We hope that someone will help us locate George May.]

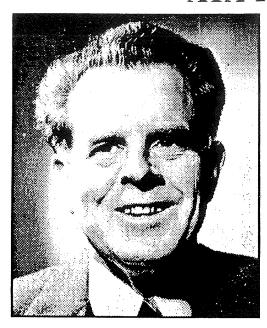

August H. PritzlaiT (ATA #307, LM#28)

[August Pritzlaff served as ATA Sales Department Director from 1958 to 1965, and his wife, Joan, is also member #5634, LM#II2. Their summer home is at 1215 South Chestnut Street, Princeton, IL 61356. But we have been unable to locate their winter residence, and so we have not been able to speak with either August and Joan.]

ATA Conventions 1950-1998

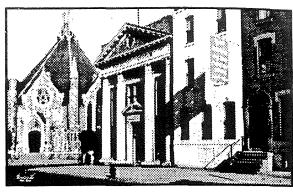

This pictorial presentation reviews each ATA convention and exhibition from -1950 to 1998. As early as January-February 1950, ATA co-sponsored a 200-frame non-competitive topical stamp exhibition in Philadelphia, and ATA's Second Topical Exhibition was held March 2-4, 1951, in Camden, New Jersey, in conjunction with SOJEX.

ATA's First Anniversary was observed with this cacheted cover cancelled in Milwaukee on September 12, 1950, one year to the day of ATA's founding. Then on September 17, 1950, ATA's first anniversary was celebrated at a Regional Convention at the Sherman Hotel in Chicago, with members from six states in attendance.

The First ATA National Convention & Exhibition, called TOPEX, was held June 20-22, 1952, in Johnstown, Pennsylvania at the Fort Stanwix Hotel, hosted by Johnstown Stamp Club; Homer L. Jones served as general chairman. There were only four dealers in thP Rhm P hut thP:rP WP:rf 249 (ninP:-mure) llibiti -t:ra- s- i-th 56- hibits -- - r

The 1953 ATA Convention and Exhibition was held June 19-2 t at the National Philatelic Museum in Philadelphia, Pennsylvania (shown here). It was hosted by the Museum and the Philadelphia ATA Chapter #6, with William M. Wilson as general chairman. There were 300 (nine-page) exhibition frames with 76 adult and 20 junior exhibits. The exhibition remained on view in the Museum until July 20, 1953.

This cover was used for the 1954 ATA Convention and Exhibition which convened June 18-20 in Dayton, Ohio, at the Miami Hotel. It was hosted by the Dayton Philatelic Society, and Carl Soendlin served as the general chairman. There was a Bourse of 16 dealers, and 150 (nine-page) exhibition frames and 46 exhibitors.

By the third issue (Summer 1950) the journal had grown to 24 pages, with the first appearance of "Jerry's Jottings" and "Topical New Issues." Topical Time went bimonthly commencing with the November-December 1950 issue of 36 pages. By 1952, six bimonthly issue provided 144 pages; this annual output increased to 244 pages in 1954, and 340 pages in 1956. The 50th issue appeared in July-August 1958 as a 48-page issue; in 1962 it increased to 64-pages per issue; and in 1964 there were 72-pages per issue. Whole #100 appearing in November-December 1966 offered 84 pages, and Topical Time featured 88-pages per issue in 1968 which was described as the "largest in history." This record was broken with the September-October 1969 issue with the first 92-page

sons. A "Junior Page" was introduced in by Hany E. Hactlter, and Melvin Garabrant's "Youth Activities" column ran from 1975 to 1996. A "Topical Publications" column was introduced by Frank Baldwin in 1954, and Griffenhagen has George authored "Publication Reviews" since 1973. Joan Bleakley launched the Checklist Service in 1986. David Detrich introduced the "Topical Postal Stationery" column in-1992, and Allan Hauck introduced the "Topics on Postmarks" column the same year. Donald Beuthel introduced the popular "Helpline" column in 1996.

Topical Time editors over the years have included:

1949-1977	Jerome Husak
1977-1981	Ann Shoemake
1981	Barbara Mueller
1981-1987 1987-1992 1992-	Fred Foldvary Glen Crago George Griffenhagen

Membership

Within five months of its founding, ATA had 408 members, and in May 1950, the membership stood at 641. By September 1960, membership had soared to 5,384 members,

making it the second largest U.S. philatelic

magazine. Since 1949, Topical Time has pub-lished a total of 21,500 pages of topical infor- mation.

"Clearinghouse of Knowledge" appeared from 1952 until 1968 authored by Clare McAlister, by Edna B. Cummins followed who authored the oooular column from 1968 to 1995 when she had to drop it for health reasociety. Membership reached 10,881 in 1975, an all time high. Membership then slipped to 8,908 in 1977; 6,871 members in 1987; and 5,752 members in 1997.

Membership dues commenced at \$1.00. When *Topical Time* changed from a quarterly to bimonthly publication in 1950, dues were increased to \$2.00. It was another seven years before dues were increased to \$3.00, and another eleven years passed before they rose to \$4.00. Inflation forced the dues up to \$6.00 in 1975, \$8.00 in 1979, and \$10.00 in 1981. Today the dues are \$20.00.

Life membership moved slowly at first with only two in the first 18 months. There were 200 by 1960, and 800 by 1970. Life membership dues were \$25 in 1949; \$50 in

1959; \$75 in 1969, and \$400 today.

Membership recruitment drives were initi- ated the year that ATA was founded, and those recruiting the largest number of mem- bers during a year were awarded special prizes. Fred Korotkin holds the one year record by recruiting 60 members in 1956-

1957, while Lauren Januz and Mark Winnegrad tied for second by each recruiting 59 members in a single year. Winnegrad holds the record for the largest number of total members; he recruited 333 members in eight winnin2: years. Donald Brenke comes

in sec- ond by -recruiting 267 members in nine

winning years. See iowing chart recognizes our champion tnembership recruiters from 1950to 1998.

Grand Award Winners 1952-1998

For the very first time, we are iisting all Grand Award winners at the ATA all-topical exhibitions from 1952 to 1998.- Each entry includes the name of the recipient, city of residence at the time of the award, and the title of the exhibit. We have not included the number of frames in each exhibit because frame sizes varied anywhere from six pages to sixteen pages over the years.

There were three Grand Award winners at the first TOPEX in 1952. They included: Fred Baravick of Brooklyn, New York, exhibiting "Souvenir Sheets;" William Howell of Warren, Ohio, exhibiting "Philatelic Zoology: Birds;" and Leo J. Sylver of New York City exhibiting "Harding U.S.A."

Thereafter, there was only a single Grand Award winner at each TOPEX. As you will see in the following list, grand awards were received by residents of Canada, Mexico, and Sweden. Most grand award winners (eleven) resided in New York, followed by New Jersey and Illinois with five each.

George Guzzio is the only person to have won three grands (1972, 1983, and 1993). Four others have received two grand awards: Joseph Kler (1959 and 1964); Vincent Lucas (1988 and 1989); Eileen Meier (1982 and 1987); and Wolfgang Spille (1971 and 1975). The most frequent themes employed by Grand Award winners were medical subjects and music, with five Grand Awards for each.

50 Years of ATA Judges

The evolution of judging topicals commenced in the 1950s with the use of a point system for "open judging." In 1960, Homer Jones proposed the use of an adjudication sheet for judges and the qualifying of judges. Joan Pritzlaff urged ATA to adopt a standard judging point system in 1964, and two years later Margaret Hackett led the way to the adoption of a standard point system. The ATA Topical Judges Accreditation Committee was formed in 1971 with George Guzzio as chair-, man, and the following year a TOPEX Point Schedule was introduced and ATA Accredited Judges were each presented with the certificate pictured nearby. ATA joined with APS to obtain uniformity of judging, and cross accreditation was approved in 1987.

For the first 25 years, judges were selected from prior exhibit winners, ATA officers such as John H. Groet (1954); Homer L. Jones (1965); Fred Korotkin (1965); and Donald W. Writha (2017); and Isabe provided published F.J as Franklin Bruns (1971), Belmont Faries

(i959), Ernest A. Kehr (1971), Barbara Mueller (196&), Philip Silver (i956), and George Turner (1959).

. Then with the development of accreditatiOn procedures, judges were selected from the expanding group of qualified judges. Those who served on three or more ATA judging panels include Werner J. Baum (1968, 1971, and 1972); Dessie E. Bodamer (1959, 1960, and 1965); Lauretta Garabrant (1972, 1974, 1977, and 1978); Melvin Garabrant (1975, 1977, 1983, and 1990); George Griffenhagen (1973, 1975, 1983, and 1985); George T. Guzzio (1974, 1978, 1980, 1984, 1987, 1990, and 1996); Margaret R. Hackett (1957, 1960, and 1966); RobertS. Oesch (1979, 1981, and 1985); Mary Ann Owens (1969, 1975, 1979, 1980, 1984, 1988, 1991, 1995, and 1998); Henry Peterson (1969, 1972, and 1981); John H.Thomas(1964, 1967, 1979, and 1981); and Ruth Y. Wetmore (1978, 1983, and 1987).

Those who have served at two shows include Frank Alusio of Canada (1989 and 1994); Lawrence I. Black (1974 and 1977); J an R. Bleakley (1993 and 1998); Ingeburg Fisher (1991 and 1995); Edward J. History ATA Units Affiliates

The brief histories of these ATA affiliates are largely devoted to the early founders, officers, and editors who served many years, and the current officers and editors. Data has been obtained from reports in *Topical Time* as well as from the periodicals published by each affiliate. Space does not permit mentioning every officer or every editor, we accept full responsibility for any errors or omissions that might have been made. ATA affiliates are listed in alphabetical order. Those with an "A"

suffix are still active, while those with a "B" suffix are no longer active.

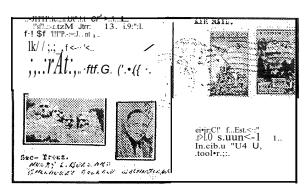

lA. Americana Unit

Covering history, culture, and industry of the U.S.A. on worldwide stamps, the Americana on Foreign Stamps Unit was founded on June 13, 1951, by Catherine Caspary (Mrs. Rudy Fechner) and Leona d Helm. Del Toulouse was elected first president, Catherine Caspary served as secretary, and the first issue of the Americana Bulletin was published in 1951 with Henry Buzzard as editor. The Unit was also given a big boost with the publication of ATA Handbook #1-#2, which included Americana on Stamps of Foreign Countries by Ellen Jensen. Leonard Helm was elected as the second president in 1952, Toulouse having resigned because of poor health; and Albert Plant served as Americana Bulletin editor from 1957 to 1960, followed by Gordon Hostettler who was editor of the last bulletin of the first series, published in August 1960.

The Unit was reactivated by James Hogbin in August 1964, and the *Americana Bulletin* started anew in January 1965 as volume 1, #1. That same year, Arthur Carver became editor and continued until the last issue of the second series of the *Americana Bulletin* was published in April 1968. ATA Handbook #58 *Americana on Foreign Stamps* (Volume I) by C. E. Wagner was published in 1967.

The Unit was reactivated for a third and final time with the merger of American Presidents Unit and the John F. Kennedy Society in 1970. The first issue of the newly named *Americana Philatelic News* appeared in March 1970 with Lauren Januz as editor and executive secretary. David Kent became

editor with the October 1971 issue, and in 1973, August Mark Vaz hec me the editor.. John Leugs served as productiOn manager ol the *Americana Philatelic News* from 1972 until his death in 1988, and Jeff Carlton has been production manager since then. ATA Handbook #85 *Americana on Foreign Stamps* (Volume II) by C. E. Wagner was published in 1975.

Other ATA Handbooks supported by the Americana Unit included #97 Bicentennial of American Independence hy Donald Brenke (1979); #II 0 Bicentennial Postmarks by Bertram Rothenberg (1986); #I II Statue of Liberty by Donald Brenke (1988); #127 John F. Kennedy by Donald Brenke and Melvin Morris (1995); #132 George Washington by Melvin Morris (1997); and #135 Abraham Lincoln by Melvin Morris (1998).

David Kent currently serves as president, a position he has held si.nce 19 3; Do ald Brenke has served as v1ce president smce 1976; and Melvin Morris has served as editor of the quarterly *Americana Philatelic News* since 1992, now in its 28th volume. 68A. Religion on Stamps, Collectors of

The first specialized topical association in the U.S. (and perhaps the first in the world) was founded by Edward Asplund, John Gaydos, David Hoffberg, and Thomas Moyer on April 21, 1943, as the Collectors of Religion on Stamps. The *COROS Chronicle* was introduced in January 1945 with Thomas Moyer as editor, who also served as the first president 1945-1948. John Gaydos served as secretary 1946-1949, and as president 1949-

1951, while Waller Sager served as editor from 1962 until his death in 1977. Efforts to seek COROS affiliation with ATA commenced in 1950, but for 47 years COROS preferred to remain as an independent organization. The group affiliated with ATA on Christmas Day 1997 after the ATA Uiblical Topics Study Unit (see II B) voted to merge with COROS. Allan Hauck has served as president since 1979, and Augustine Serafini has served as editor of COROS Chronicle since 1985, which is now in Whole# 30 I. The early history of COROS is published in COROS Chronicle for January-March 1958. Membership information is available from secretary Verna Shackleton, 425 North Linwood Avenue, #110, Appleton, WI54914.

698. Religion Studies Unit, International

The International Religion Studies Unit was chartered by ATA on January 28, 1978, with 29 members. Ursel Kissinger served as the first and only president, while John Fife was editor; but only six issues of their newsletter were issued, and the charter was withdrawn in 1983.

73A. Scouts on Stamps Society International

In 1951, Harold Bearce formed the Youth Organizations on Stamps Unit publishing four bulletins. Harry Thorsen, the author of the 1949 handbook on *Boy Scout Stamps of the World*, was invited to become president, but he declined because the Unit included communist youth stamps, and he suggested that the Unit be limited to Scouting. The name of the Unit was changed to the Scouts on Stamps Society, and the name of their periodical was changed to *S.O.S. Journal* in March 1952. Harry Thorsen then became

If we are to believe Daniel Lincoln's history of June 1983, the Rotary on Stamps Unit was organized in 1955 by Jerry Husak and Edward Flath; Jerry Husak became temporary president and Daniel Lincoln as secretary and editor of the *Bulletin of Rotary-on-Stamps* which first appeared in February 1956. The Unit was chartered by ATA in late 1955, and Lauren Januz served as president until his resignation in 1957. Daniel Lincoln served as editor 1956-1959, and as president 1957-1959.1n 1957, ATA published Handbook #17 *Rotary International on Stamps* by Daniel Lincoln. The *Bulletin of Rotary-on-Stamps* was last issued in May 1962.

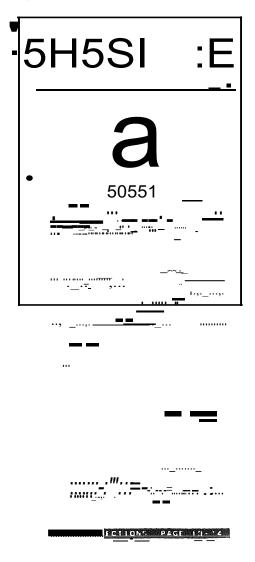

The Unit was reactivated in 1968 by Eugene Atkinson who served as editor from 1968 to 1985. The new name for the Unit peri-

odical was Rotary on Stamps commencing in

from 1958 to 1962. Willard Boyles served as secretary 1952-1954, but by 1954, the society

was no longer identified as an ATA Unit. The name of the periodical changed to *S.O.S.S.I Journal* in 1958.

Even though the society was no longer an ATA Unit, ATA published Handbook #42 Scout Stamps of the World by Harry Thorsen and Arthur McKinney in 1964, and Handbook #64 in 1968. The SOSS/ Journal adopted a new logo in February 1975, and then in 1990,

October 1986 with Donald Fiery as editor

from 1986 to 1994. Commencing in April 1994, the periodical was named *The ROS*

Richard Dickson as editor (and now also current president), and Donald Fiery

the Scouts on Stamps Society International Board voted to affiliate with ATA; the Society was chartered by ATA on August I, 1990. Carl Schauer is the current executive secretary, Lawrence Clay is the current president, and they are presently searching for a new editor of the SOSS/ Journal, now in volume 47. 748. Screen, Television and Radio Collectors Club

The Screen, Television and Radio on Stamps Collectors Club was founded by Peter Wolff in 1990, and chartered by ATA on September 4, 1991. Peter Wolff published S*T*A*R*S, including some 2,000 pages of data on the topic. The charter was withdrawn in 1994 with the death of Peter Wolff, and members were urged to join the Fine Arts Philatelists (see 35A).

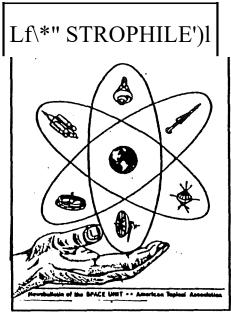

75A. Ships on Stamps Unit

The Ships on Stamps Unit was proposed in 1952, and organized on July 1, 1954, with 28 charter members. Frank Griffin served as the first president, and Harold Rayl was the first secretary. The first issue of the Ships on Stamps Newsletter appeared in February 1954 with Frank Griffin as editor. Commencing in June 1955, the name of the newsletter was changed to Watercraft Philately with Harold Rayl as editor from 1956 to 1968. William Coffey served as editor 1969-1988 and as president 1982-1992. During his tenure, William Coffey pioneered in the formation of the International Federation of Maritime Philately in 1982 including similar groups many other countries.

Handbooks supported by ihe Ships on Stamps Unit included a 1957 Handbook #19 Ships on Stamps and a 1965 Handbook #47 both by Harold Rayl; Handbook #80 Watercraft on Stamps by Kathy Herd (1973); and Handbook #117 in 1991. 77A. Sports Philatelists International

The Sports Unit was founded in 1951 by Clifford Smith, and Sportcast was introduced in May 1951 with Clifford Smith as editor. Louis Brandenburg was the first president. Clifford Smith bowed out in 1952, and Sportcast started over again with vol. I, #I in October 1953 with Catherine Caspary as editor, and Edward Flath as secretary. The group reorganized as the International Association of Sports Philately, and was chartered August 17, 1953. Sportcast started over again with #I in December 1957, but only one issue was published. Another try was made on September I, 1960, and the new Sports Unit introduced Sportstamps in September 1960 with Travis Land as editor, and Robert Bruce as president. In 1962, Robert Bruce requested that the mandatory ATA membership be removed, but it was denied by ATA. The group then decided to become an independent organization, with Robert Bruce and others resigning their ATA membership.

During this period, ATA published two Handbooks authored by Robert Bruce; they were #35 Sports and Recreation Check-List, and #83 Checklist of Sports & Recreation (Second edition). The new organization, called Sports Philatelists International, was founded in 1962, and the first issue of the Journal of Sports Philately appeared in September 1962 with Robert Bruce as president and editor. When ATA dropped the membership requirements, the group chartered in November 1982. Mark Maestrone is both president and editor, and John La Porta is puplisher of the Journal of Sports Philately, now 'in volume 37. Membership information on this group covering Olympics, recreation,

and sports, is available from Margaret Jones, 5310 Lindenwood Avenue, St. Louis, 63109.

Years ATA Handbooks

The American Topical Association has produced a body a/literature which has no equil•alent in the topical field. It is the handbooks that are the heart of the ATA topical literature.

This is Charles J. Peterson's description of the first 76 ATA Handbooks in the Fourth Quarter, 1970. issue of the *Philatelic Literature Review*. In the ensuing 33 years, ATA has doubled the number of different ATA Handbooks that have been published, and the launching of ATA's 50th anniversary is a most appropriate time to once again review this unique body of literature, and for the first time list every ATA Handbook from #I to #135.

Instead of reviewing the contents of each ATA Handbook, as Charlie Peterson did in 1970, we are placing major emphasis on the authors and editors. After all, there would be no Handbooks if there were no authors and editors who. for the love of the hobby, spent thousands of hours to create these Handbooks. See the separate listing on pages 83 which recognizes these authors. editors, design artists, and others who made all of these ATA Handbooks a reality.

The following list does not include those Handbooks which were published by one of ATA·s 50 affiliates. or the various Handbooks which were only sold by ATA, and do not carry an ATA Handbook number such as Ernest A. Kehr's *Collect Topicals* and *Have Fun* (published in 1955) and Ernest Argyle's ten-volume *Ships on Stamps* encyclopedia.

Many of these ATA Handbooks are long out-of-print, but they may still be available from philatelic literature dealers (see any recent issue of the *Philatelic Literature Review* for a comprehensive dealer listing) or from one of the various philatelic libraries (see the January-February 1998 issue of *Topical Time* for a listing of philatelic libraries worldwide.)

Charter Member Update

We have finally made contact with ATA Charter Member August H. Pritzlaff (ATA #307, LM #28). He returned in mid-April to his summer home at 1215 South Chestnut Street, Princeton. Illinois, having spent the winter with his son in Houston, Texas. Here are his recollections.

"Icommenced my interest in trains in 1934 when was given a model train at the age of ten. I served in the U.S. Navy from 1943 to 1945, and was recalled to active duty in 1952-1953 during the Korean War. I theri served as a chemical engineer in Chicago until my retirement in 1989. By the time ATA was founded, I had started collecting trains on stamps, and I attended ATA's first anniversary meeting on September 17. 1950, in Chicago. Joan. who passed away on February 3. 1999, and I were married in 1952, and together we attended no less thiii) 14 ATA annual conventions. Even though I am listed as ATA Sales Department Director from 1958 to 1965, Joan really did all of the work. I also recall how proud Joan was when she received the 1963 TOPEX Grand Award for her exhibit entitled "Switzerland's Amazing Railroads." I do hope that I will be able to attend ATA's 50th birthday party in Milwaukee:

[Editor's Note: Our condolences are extended to August for the loss of his beloved Joan, ATA member #5634. LM #112.]
